

ETTA VANI

COMPUTER SCIENCE STUDENT

CONTACT

- 📞 8341091926
- ✉ vanireddy16825@gmail.com
- 📍 Gandimaisamma,Dundigal, Hyderabad

EDUCATION

- 2023 - present
- MLR INSTITUTE OF TECHNOLOGY
- Bachelor of technology in CSE
- Currently 3-1 SEMESTER
- CGPA:9.1/10
- Graduation:2027

SKILLS

- Project Management
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English (Fluent)
- Telugu (Fluent)
- Hindi (Intermediate)

PROFILE

Motivated and detail-oriented Computer Science student with a strong foundation in programming, data structures. Proficient in languages such as Python, Java, and DSA, with hands-on experience in academic projects involving web development. Eager to apply technical skills in real-world environments through internships. Quick learner with strong problem-solving abilities and a passion for continuous learning and innovation in technology.

PROJECTS

Chatbot Application

- Developed an AI-powered chatbot using NLP libraries to handle real-time user queries with contextual responses. Integrated the bot into a simple web interface for interactive usage.
- The chatbot was developed to automate user interactions, reduce manual response time, and provide instant support or information in a user-friendly manner.

Project Name: Price Drop Alert System

Developed a Python-based application that monitors product prices on e-commerce websites and automatically sends an email notification when the price drops below a user-defined threshold. Utilized web scraping and SMTP for real-time tracking and alert delivery..

MERN Stack Multi-Vendor Platform

Built a full-stack multi-vendor e-commerce application using MongoDB, Express.js, React.js, and Node.js. Implemented vendor-specific dashboards, product management, and secure user authentication.intain brand consistency across all marketing channels and materials.

CERIFICATES

Project expo:

Participated in a Project Expo showcasing a chatbot application, demonstrating our innovative uses

STTP Workshop:

Participated in a Short-Term Training Programme (STTP) on JAVA , gaining hands-on exposure to emerging technologies and industry applications.
